Class 10 = Custom Built – any year – limited alterations to the original specification

Class 11 = Modified – with a low volume vehicle certification plate – any year

Class 12 = Competition cars, including Race Cars - 1959 to the present

Class 13 = “A” Series Other – using “A” series east/west engine. (i.e. Marcos, DeJoux, MG1100, Allegro, Metro, Austin/Morris 1300 etc

Categories 1 to 9 are for vehicles as **Standard** as practicable.

Depending on the number of entrants in each class we may merge some classes.

Any car in Class 10 that does not have a low volume vehicle certification plate, but is deemed by the judges to have been modified beyond the spirit of Class 10, may be moved into Class 11.

Q2 I’m not sure how to send the form back by email, can you please clarify.

A2 You can print it off, fill it in and either take a picture of it on your phone (please double check that it is legible) and email it to us, or alternatively you can post it to us.

It is possible to fill the form in electronically and email it back to us, but we would really like to have your signature on it!

Q3 If I want to attend but I am not bringing a car with me, what do I need to register for?

A3 You can just register for the social events that you want to attend. There are sure to be passenger spaces for the Navigational Trial or Scenic Tour if you want to catch a ride with someone.

Q4 Will there be Rocker Cover Racing?

A4 Yes, at the Show and Shine venue. We will post the regulations up soon.

Q5 What time does the Scrutineering for the Autocross close on the Friday 19th? its unlikely ill even get there til 7-8pm. Is there the option to have it done at the event?

A5 We have not set a closing time on Friday for scrutineering - we understand people are travelling from all over and may not arrive until the evening, therefore it will be open until needs be.

We would suggest keeping in contact that day if you think you will arrive later in the evening so we know when to expect people or could maybe make alternative arrangements in case of special situations.

All cars entering the Autocross need to be scrutineered and only cars without current wofs need to be scrutineered for the Motokhana.

Q6 After I have sent through the registration forms, how do I know you have received it?

A6 We will send out an acknowledgement email after we have received the forms and the payment has cleared into our account.

Q7 What kind of surface will the motorsport events be held on?

A7 The surface will be tarmac road (similar to Hamilton Nationals 2017).
